

# MedicAlert<sup>®</sup>

## Canadian MedicAlert<sup>®</sup> Foundation: We Speak for You

For over 45 years, MedicAlert has been providing safety and security to Canadian families. MedicAlert ensures that health professionals have immediate access to a member's vital medical information when it's needed the most -- in an emergency. MedicAlert<sup>®</sup> protects more than one million Canadians 24-hours a day, in over 100 languages, anywhere in the world.

What began as a medical identification bracelet has grown into a comprehensive service for Canadians with medical needs, offering health care professionals immediate access to reliable medical information.

If you have a **medical condition, drug or food allergy, special need**, or are **taking medication**, you may be exposed to undue risk in the event an emergency. We recommend that you consider becoming a member of MedicAlert.

### Comprehensive Personal Health Record

### 24-hour International health protection

### Custom-engraved bracelet or necklet

- Immediate access by health professionals to medical information
- Personal Health Record and jewellery are audited by Medical Profile Specialists

### A Registered Charity since 1961

As a charity, MedicAlert is committed to protecting families in financial need through the *Membership Assistance* Program and providing our *National Education* program for first responders and healthcare professionals. The *No Child Without* program, is an exciting program that provides **free** MedicAlert protection to children from junior kindergarten to age 13 who have medical conditions. With your generous support – we can achieve health protection for all Canadians.

**May is MedicAlert Month and our goal is to raise \$600,000!**
